1. This office action is in responsive to the amendment filed on December 09, 2005.

Terminal Disclaimer

2. The terminal disclaimer filed on January 04, 2006 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of any patent granted on Application Number 10/623,874 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Reason for Allowance

3. The following is an examiner's statement of reasons for allowance:

Claims 1-9, 12-15 which are now renumbered as 1-9, 11-14 respectively are allowable over the prior art of record of record because none of the prior art of record teaches or fairly suggests that removing a head from communication with a disk when power driver switches between applying a first voltage potential and a second voltage potential across the two terminals of a VCM such that a constant current is delivered to the VCM.

Claim 11 now renumbered as claim 10 is allowable over the prior art of record because none of the prior art of record teaches or fairly suggests that removing the means for communication with a rotatable means from communication with the rotatable means when switching between a first voltage and a second voltage applied on a means for moving a positioning means on the rotatable means.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

5. Any inquiry concerning this communication from the examiner should be directed to Fred Tzeng whose telephone number is 571-272-7565. The examiner can normally be reached on weekdays from 9:30 am to 6:00 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Hudspeth can be reached on 571-272-7843. The fax phone numbers for the organization where this application or proceeding is assigned are 571-273-8300 for regular communications and 571-273-7565 for After Final communications.

6. Informal regarding the status of an application may be obtained from the Patent Application Information Retrieval (**PAIR**) system.
